

It's SHOWTIME!

Introducing Walker Engineering's new line of polished accessory packages for your Volvo IPS engine.

*High Performance Air Filtration
Durable Polished Stainless Steel
Easy to Install Components
Kits Now Available for D4 and D6 Engines*

PERFORMANCE PACKAGE

Includes a washable high performance air filter, with 20% more usable filtration area, and a specially designed silenced metal air box cover.

CAPTAIN'S PACKAGE

Includes the same washable high performance air filter as the Performance Package, plus a mirror finish silenced air box cover, two polished stainless steel oil filter covers, and a polished stainless steel accent kit.

ADMIRAL'S PACKAGE

For the owner that wants to be the talk of the yacht club, this kit includes all the items in the Captain's Package, as well as a stainless steel full engine cowling, polished to a mirror finish.

Let's face it...every yacht is a showpiece.
